

## French Gulch-Whiskeytown School

### FGWS Families: **SATURDAY SCHOOL is on for this Saturday, April 2.**

Unfortunately, we had so many absences the past two weeks that we lost some of the ADA we had made up. Fingers crossed that this will be the last make up day we have to hold before our P2 report which determines ADA for the year. Your support on this means everything. School starts at 8:10 is over at 2:35. As with school sessions during the regular week, if you have an appointment that can't be missed, send your child for as much of the day as possible.

### NEW KITCHEN RANGES!

Our little kitchen improvement project continues. Krisitn will be receiving two new Fisher & Paykel ranges on April 7. These ranges have preset temperature options as well as both conventional and convection baking settings among other updated features. Two new exhaust hoods have been received also. We are waiting for test results to come back on whether the paint in the kitchen has lead in it before the hoods can be installed.

### EGG HUNT

Traditionally FGWS has an Easter Egg Hunt for the littles on the Friday before spring break begins. That day this year is a week from today, Friday, April 8. We have new plastic eggs as well as some from years past for the hunt. If you would like to donate any goodies to help us fill them, it would be greatly appreciated. Small wrapped candies are best but small little Dollar Tree toys are also fun for kids to find. Additionally, for those of you with chickens at home, if you have eggs to send in, we will boil them and have kids color them.

### MULTI-SYMP TOM INFLAMMATORY SYNDROME IN CHILDREN (MIS-C)

No doubt you have heard of this rare but serious potential side effect in children who have experienced a positive case of Covid-19 up to 8 weeks after the initial onset of illness. The California Department of Health has published a fact page on MIS-C. For more detailed information on this topic please access this link:

<https://www.cdph.ca.gov/Programs/CID/DCDC/Pages/COVID-19/MIS-C.aspx>

### COVID-19 HOME TESTS

FGWS has received a number of home COVID-19 testing kits. If you plan on travel out of the area or attending large family gatherings over spring break, you may want to have some tests on hand if you have any questions about sniffles and sore throats being more than allergies when school is back in session. Let any school staff member know if you'd like home tests and how many you need.

### Upcoming Events

April 2  
Saturday School

April 4  
Minimum Day, 1:35 dismissal

April 7 or 8
