

French Gulch-Whiskeytown School

FGWS Parents and Community: the school is currently out of home Covid testing kits. SCOE has informed us that more have been ordered. In the meantime we are able to test on site. A swab can be brought out to your car if you wish to be tested. In a way it's a FGWS version of "drive through" testing. You may also come into the office, test and return to your car or wait outside for results. Results are rendered in 15 minutes. We can also phone or text those results to you if you prefer.

For the most part, FGWS students who have contracted the virus have exhibited very mild symptoms. The majority tested negative after day 5 and were able to return to school the next day. A couple of students, however, definitely felt the effects to a greater degree. We appreciate the care parents/guardians are taking in the quarantining and testing process. Our goal is to limit the spread to the extent possible.

PARENT SURVEYS

Unfortunately, no parent surveys have been returned yet. Please take a few minutes and fill one out. Your input is important to us. Student in grades 4 and up have been filling our surveys the past week. Comments and suggestions from both parents and students will help us to improve the program at FGWS.

100s + DAY revisited !

Mrs Swayne had a few key players who were out on February 1, the 100th day of school. Several parental requests came in to reschedule so that all the children could participate in this fun occasion and explore the wonderful mathematical patterns from 1 to 100. Rather than give a date, Mrs Swayne will wait for a day, hopefully sometime next week, when all of her students are in attendance. In the meantime, this allows more 100s collection to come in. Thank you Niki who brought in a poster board of a cupcake with 100 "sprinkles" glued on it. Beau brought in a dump truck hauling 100 chocolate chips. Niki's older brother Kayden arrived with a Lego creation using 100 Lego bricks.

JUMP ROPE FOR HEART

Get those pledges in! All donations go to pediatric cardiac research. Forms went home Monday. Contact the office if yours was misplaced. Our "Royal Jumper" last year was Shawn VanHorn with a total of 1600 jumps in ½ hour! Jumping starts on Monday afternoon, February 14. Jump counters needed.

BOARD MEETING

There is a Board of Trustees meeting on February 15. Prior to the Board Mtg there is a Town Hall meeting in which parent/student surveys will be presented as well as a
