

French Gulch-Whiskeytown School

FGWS Parents and Guardians: If you happened to hear a strange, rather loud sound coming from the school propane tank earlier this week, the problem was diagnosed and remedied. The regulator was on its last legs. Fortunately, it was replaced before the unit started leaking gas. We are good for another 10-15 years.

SPRING BREAK

This is a reminder that **spring break is the week of April 10-14** this year. Many schools that took snow days this month are using Friday, April 7 as a snow make up day. We will be back in session on Monday, April 17.

EASTER EGG HUNT

FGWS has traditionally had an Easter Egg Hunt for the lower elementary kids. We have quite a few plastic eggs to hide. If you are able to send in little treats to help us fill the eggs it would be appreciated. Small wrapped candies, little toys from the Dollar Tree such as rings, fun shaped erasers and little cars are all fun surprises to find. Thank you in advance for your donations. The egg hunt will be Friday, April 7.

FISH IN THE CLASSROOM RELEASE

Ms Hill's class has been diligently raising trout for release in Whiskeytown Lake. Release day is Tuesday, March 28. There will be a Fish in the Classroom Celebration at Brandy Creek which is the release site. The event will start at 8:30 and runs until noon. It you have the opportunity to join the class, please feel free to meet us at Brandy Creek. Classrooms from around the county will also be in attendance. Who knows, maybe one of you may catch a FGWS raised trout later in the season!

Kudos to Renee Raley who is working so hard to learn the ropes of her new position as office/kitchen manager. It is not a position for the faint of heart!
