

French Gulch-Whiskeytown School

Parents and Guardians: Attached is a form from our photographer, Michele Steineke. She has requested that parents fill the form out and return it to school. With the information, she will set up a site on her online gallery where you can view your child's pictures. You will be able create a picture packet to meet your needs and budget. On the form, Michele has also included some suggestions on clothing colors that work especially well with the outdoor pictures she will be taking. Picture day is Friday, May 26.

OPEN HOUSE

We are looking forward to seeing everyone on Monday evening for Open House. We will begin serving dinner at 6:00 pm. Costco hotdogs and polish sausages, homemade potato salad, pork and beans and chips are on the menu. A special dessert for a post Mother's Day salute will also be served. Your student will be taking Mom's dessert order. Don't be shy with toppings, Mom!

After dinner, get ready to put your creative talents to the test in Mrs. B's clay room. You might take inspiration from some of our student work which will be on display.

LIVING HISTORY MUSEUM

Get ready to time travel with Ms. Hill's class! Their annual living history museum will be open at 1:00 pm on May 31. Do you have questions for Leonard DaVinci, Queen Elizabeth II, Medusa or Jonny Appleseed among others? Ms Hill will video tape each student so even if you can't make it you on the 31st, you will not miss your child's performance.

FIELDTRIP TO MT SHASTA

Students in Ms Hill's class have done research on interesting places to visit in the Northstate. Reese and Jason did research on Mt Shasta. The class will explore the area on Friday, May 19. They will visit the head waters of the Sacramento River, Mt Shasta fish hatchery, Sisson Museum, a hike to Fairy Falls and more. It will be a very full day. Make sure permission slips are turned in before the trip.
